## NORDICA GIVEN OVATION

How the Great Diva Was Received at St. Joe.

Mme. Nordica gave a concert in St. Joseph last week and was welcomed with tremendous enthusiasm. The St. Joseph Gazette describes the scene as follows: "The last thrilling, tingling, majestic notes of Schubert's 'Erlking' had died away at the Schubert theater last night. The audience, a large one, sat still. Some half rose, waved, hesitated, then started, and

satisfied, to leave. Then they all settled back in their seats again and a new impetus was given the storm of applause. They wanted more. They were unwilling to bid farewell to Lillian Nordica, greatest American singer. And Mme. Nordica, ever gracious, came back with her little bows and her smile—that wonderful smile, as far famed as her voice, her dramatic art and her personality. "There is little exaggeration in the statement that not since Nordica was last here, years ago, has St. Joseph enjoyed such a musical treat as was offered at the Schubert last night. Persons who heard Lillian Nordica sixteen years ago agree that time has wrought no change for the worse. She is in the height of her glory. It seemed that the audi-

## Freckles

Here's a Simple Remedy That Banishes Early Freckles Almost in a Night.

If those who freckle every Spring or Summer would get a two-ounce package of Kintho in March they would be almost sure to have no further trouble when the hot sunshine of May and June discloses freckles on other people. One thing is sure—the quicker you use Kintho the sooner you'll be rid of your freckles. Get it at George W. Stansfield's, 622 Kansas avenue, or wherever toilet goods are sold. If it fails, get your money back.

ence would never tire of applauding. Encore after encore was demanded, all of which the great soprano answered with a graciousness and generosity that is not common on the concert stage." Of Mr. Whitney, the Gazette says: "Here was a man who could sing and at the same time give his songs the requisite dramatic expression, as compared with David Bispham, recently heard here, who could act, but had no voice." Mme. Nordica will be heard at the Auditorium. The sale of seats is at Stansfield's.

## THEY DID NOT SPEAK.

Suffragists and Phoebe Cousins Glared at Each Other

Springfield, March 29.—Snapping eyes and an indignant toss of the head from time to time evidenced the displeasure of Mrs. Catherine Waugh McCulloch, Miss Harriet Grim and other suffragette leaders as they listened to the address of Miss Phoebe Cousins, of Washington, D. C., in the hall of representatives this morning. In language keenly sarcastic Miss Cousins excoriated equal rights and votes for women. Her address was the first argument presented in the session against woman suffrage by a woman. Few suffragette leaders were present when Miss Cousins began speaking. In a short time the galleries and lobby of the main floor of the house were well filled with a female gathering. Practically the entire house membership heard the speech in which Miss Cousins argued that the entrance of woman into politics had been untenable and not productive of good results. Several senators also occupied seats in the body of the house and heard the speech. Mrs. McCulloch and Miss Grim occupied seats upon the floor in front of the speaker's stand. Both busied themselves with taking extensive notes. At the conclusion of her speech Miss Cousins left the house without meeting any of the suffragettes.

## HASTE IN A K. U. HOSPITAL.

The Rosedale Addition Must Be Completed by July 1.

Kansas City, Kan., March 29.—Chancellor Frank Strong and the regents of Kansas university spent yesterday at the University hospital in Rosedale discussing plans for the proposed \$50,000 addition to the hospital and vainly attempting to decide which one of the several contractors bidding for the construction of the addition was entitled to it. They will try again today. The addition to the hospital is to be built from an appropriation granted by the legislature two years ago. With the appropriation was a provision that the money must be spent by July 1 of this year, and the last legislature refused to allow the regents an extension of time. This caused the regents to build, and the fact that the building must be completed by that time is the reason that no bids were accepted yesterday. The lowest bidders would not bind themselves to complete the work in so short a time. The new building will be built of rough red brick trimmed in terra cotta. It will have three stories and a basement. The building will be used as an infirmary, with a ward especially for the treatment of crippled children.

He was born in Ohio in 1844 and served four years in the Civil war under Sherman in the Eighty-first Ohio regiment of volunteers. Mr. McCreary was active in politics as a Greenbacker, a Prohibitionist, a Union Labor party man and as a Populist. He left a widow and one daughter, Mrs. Harrison Parkman of the Emporia Times.

North Harrison street is being graded. This improvement will be greatly appreciated as the street one of the principally traveled routes on the North side.

After May 1 station "A" will not be open on Sundays. This is in accordance with the orders from Washington requiring Sunday closing for all first and second class offices. This new ruling will give a chance for twelve people to have an office on the rest day in the week—three clerks, four rural carriers, four city letter carriers and one messenger. Until May the office will be open on Sundays from 9:30 a. m. until 10:30 a. m., as has been the custom.

At the first official meeting of the conference year at the Kansas Avenue M. E. church last night the year's report showed that \$500 had been paid for benevolent causes. The total including the amount necessary for repairs, etc., raised this year is nearly \$3,000. A proposition was made to have a campaign for funds for a new building but was abandoned. The idea was that what would be spent for repairs on the old brick structure, built in 1881, would help much toward erecting a new edifice. It is possible that another action may be taken on the matter in the near future.

The purpose of the league is to make Topeka a better place in which to live.

K. Holliday is back in Topeka again and that is an indication that there will be "something doing" at the monthly meeting of the board of education next Monday evening. Mr. Holliday doesn't hesitate to say what he thinks in regard to a question or controversy.

W. H. Wasson, city auditor, was so excited over the election returns Tuesday morning that he rushed from his home to the city hall without his collar and tie. He didn't realize it until Commissioner Titus pointed out his error—and neglect. Captain Titus loaned him a collar and tie until lunch time. But this excitement is warranted. Wasson is an appointee of Bone—and Bone's re-election meant more than a collar and a tie.

A special session of the United States circuit court will be held in Topeka immediately following the adjournment of the April term of the United States district court. There are very few cases set for trial at this term. The Perkins cases are not included in the list. Harry T. Dedrick, a Wichita attorney, and J. B. Haslet of Whitewater were in Topeka Tuesday to argue a case before the supreme court. got it. Can't say that I was exactly surprised at the result," continued the Wichita man, "but it was somewhat of a jolt."

E. T. Hackney of Wellington, a nephew of Col. "Bill" Hackney, and a former representative from Sumner county, was in Topeka Tuesday night. Hackney is not at all pleased with the governor's treatment of Judge Glass. "The impression down our way," said Hackney, "is that Mr. Stubbs has made some mighty bad breaks this

year. Those votes and the governor's attack on Judge Glass won't be forgotten for some time. It will be mighty hard to make the people believe that the alleged fair treatment which Glass received was a genuine article."
